## ANNIVERSARY

# Fimbel Garage Doors marks 100 years

Provided by Fimbel Garage Doors

MERRIMACK — Fimbel Garage Doors is proud to announce its 100th year in the industry in 2024. Established in 1924 by Edward Fimbel Sr., the company has remained under the continuous ownership and operation of the Fimbel family, marking a significant milestone in its century-long journey.

The origins of Fimbel Garage Doors trace back to the signing of the first franchise with the Overhead Door Corporation in 1924. Then in 1951, Edward Fimbel Sr.'s eldest son, Paul Niver Fimbel, brought the family business to New Hamp-

shire with a facility under his leadership in Nashua, NH. The franchise with Overhead Door was terminated in 1967, leading the Fimbel family to become an independent entity. In 1993, grandsons Michael and Carl Fimbel transitioned from manufacturing to retail, founding what is now known today as Fimbel Garage Doors.

With showrooms now in Merrimack and Brentwood, Fimbel Garage Doors continues to uphold the rich Fimbel family legacy, offering expertise and customer service to meet the community's commercial and residential garage door needs. There will be a grand

opening event of the newly remodeled Merrimack showroom as part of the 100th anniversary celebration planned this summer.

"As we continue our family's enduring legacy, Fimbel Garage Doors proudly carries forward the values instilled by previous generations," said Jon Fimbel, General Manager of Fimbel Garage Doors in Merrimack, NH. "With an unwavering commitment to excellence, we strive to not just meet but exceed expectations, ensuring Fimbel Garage Doors remains synonymous with trust, quality, and unparalleled service for generations to come."
