Fimbel Garage Doors Celebrates 100 Years with Anniversary Event

Merrimack, NH – Fimbel Garage Doors is thrilled to announce its 100th anniversary event, marking a century of quality service and family legacy. The event will take place at the newly remodeled Merrimack showroom on June 8th from 10:00am to 2:00pm.

The celebration will feature fun for the entire family. Fimbel Garage Doors Vice President and Lead Technician Andy Fimbel will fire up the grill with hot dogs and hamburgers. A bouncy house will provide hours of entertainment for the young ones, while Andy's latest project – a deck and a door off the front of the showroom – will showcase Fimbel's commitment to innovation and improvement. Additionally, remember to tune in to Laura Boyce of the Morning Buzz on Rock 101, who will be broadcasting live during the event.

In a special collaboration with Adaptive Driving Experience, event attendees will learn about this amazing organization that offers a true racing experience for those with a variety of disabilities, including paraplegic, quadriplegic and amputees. Their trademark adaptive race car will be onsite so that attendees can witness firsthand their modified race car and adaptive controls make racing completely accessible to anyone.

Fimbel will also be providing all attendees with giveaways, including grab bags filled with Hope Bars, and a prize wheel of promotions, including a chance to win a garage door makeover. Bite Me Kupcakez will provide treats for all attendees to enjoy, and Rustic Seed and Wellness Seed will offer insights into health and wellness.

"As we celebrate a century of service, we look forward to sharing this milestone with our community," said Jon Fimbel, General Manager of Fimbel Garage Doors in Merrimack, NH. "Our 100th anniversary event is a testament to our values – quality, innovation, and commitment to our customers. Please join us as we look forward to the next hundred years of serving you with experience as proven as the overhead door itself."
